

Virginia Department of Health
H1N1 Influenza Temporary Employment Opportunities

The Virginia Department of Health (VDH) is the recipient of a grant from the Centers for Disease Control and Prevention for temporary workers to support VDH efforts in response to H1N1 Influenza in the Commonwealth.

VDH is seeking applicants who are **available immediately** for these **temporary, hourly** positions that will begin as early as August 2009 and terminate no later than August 2010. Positions are generally **full time** in nature and may have special requirements such as travel, on-call rotation assignment and availability during emergencies. Positions are located in Richmond as well as in VDH offices throughout the state. These temporary, hourly positions do not offer benefits and a background investigation will be required.

Positions located in the Richmond area

- Inquiry Center Medical Consultants (MD or RN) to respond to patient management inquiries from clinicians
- Safety Officer to promote safety principles and practices for work place environments
- Immunization Registry Trainers to support enrollment in the Virginia Immunization Information System.

Positions in locations Statewide

- Public Health Student Interns (MPH)
- Health Educator Senior to serve as a resource and liaison to area schools.
- Support Specialist to perform a variety of administrative activities.

Interested individuals should email their resume and cover letter or state application to employment@vdh.virginia.gov or fax to the Virginia Department of Health, (804)864-7107. Please specify positions of interest and geographic availability. The Virginia Department of Health is an Equal Opportunity Employer.
